

NATIONAL DAN GRADING

SYLLABUS & MINIMUM REQUIREMENTS FOR 5th DAN MASTER

MEMBERS TESTING FOR 5th DAN MASTER

PATTERNS - POOMSAE

MINIMUM TESTING REQUIREMENT

PYONGWON, TAEBAEK, GEUMGANG, KORYO & 2 x TAEGEUK POOMSAE

Candidates will be asked to perform Pyongwon, Taebaek, Geumgang, Koryo, plus 2 other Poomsae of the examiner's choice (above Sa-jang)

Candidates will be assessed against the following criteria:

Posture & Breathing

Controlled breathing in, during preparation phases of the movement, and out during the execution/action phases, non-audibly. Head, Back and shoulders would be held correctly to allow for full use of diaphragm in breathing and full rotation of movement in techniques.

Stance & Balance

All stances must be correct and clearly recognisable. There is good balance throughout the pattern, with the correct centre of gravity maintained particularly on landing after a technique or change in direction.

Technique

Correct techniques according to defined standards are observed at all times including transition phase of the technique executed with sufficient power. Full completion of technique before moving on to the next technique.

Accuracy

Correct techniques according to defined standards are delivered to intended target using the correct blocking or striking parts to a virtual opponent of similar height to candidate.

Fluency of movement

Smooth movement between techniques visible with no perceptible pauses between combination techniques except where defined in the Poomsae culminating in appropriate finish to technique.

Speed & Power

Preparation phases performed slowly/relaxed, action phase performed with acceleration and using the waist to generate power, correct timing between hand and foot finishing.

Concentration & Spirit

Eyes to be focused towards the direction of the technique, or to the target area if kicking above the head. Shout performed loudly and from the diaphragm during the required movement and at the finish split-second of the movement.

STEP SPARRING

The same technique must be defended from both left and right hand attacks (from Junbi, low block or fighting stance)

MINIMUM TESTING REQUIREMENT

1 STEP SPARRING x 8

Candidates will be asked to perform a minimum of 8 x step sparring techniques including:

- at least two featuring a take-down
- at least one featuring a restraint and pacification of opponent
- at least one featuring a kicking technique
- at least one featuring use of pressure point(s)

Candidates will be assessed against the following criteria:

Posture & Breathing

Controlled breathing, not held during defences, and not audible, Candidates must exhale when in action phase.

Stance & Balance

Stances used are realistic, the candidate should have balance to enable defence and attack maintaining the centre of gravity accordingly.

Technique

Techniques should be practical and effective in providing a defence and attack with appropriate distance from the opponent.

Accuracy

Attacking candidates must control the attack to face with intent to strike putting defender under pressure. Defending candidates must safely block, parry, or evade the attack with an immediate and controlled counter attack. Blocks, strikes and kicks are clearly aimed towards intended target.

Fluency of movement

Candidates should demonstrate clear flow of movement between defence and attack without gap using techniques that easily flow from one to another.

Control over the opponent

Candidates demonstrate reaction to immediate threat with controlled application of takedowns or submissions.

SELF DEFENCE

Opponents can attack:

- From the front or rear
- With grab to wrist or wrists
 - With grab to collar
- With bear hug or neck locks

MINIMUM TESTING REQUIREMENT

DEFENCE AGAINST ATTACKS x 5

Defending candidates should aim to demonstrate a range of defensive strategies featuring wrist locks, pressure points and the restraining / pacification of the opponent

Candidates will be assessed against the following criteria:

Posture & Breathing

Controlled breathing, not held during defences, and not audible, Candidates must exhale when in action phase.

Reaction speed

Candidate demonstrates correctly timed body and or blocking movement to stop the attack with minimal delay between the defence and counter attack.

Technique

Techniques should be practical and effective in providing a defence and attack with appropriate distance from the opponent.

Accuracy

Attacking candidates must control the attack with intent, putting defender under pressure. Defending candidates must safely block, parry, or evade the attack with an immediate and controlled counterattack. Blocks, strikes and kicks are clearly aimed towards intended target.

Fluency of movement

Candidates should demonstrate clear flow of movement between defence and attack without gap using techniques that easily flow from one to another.

Control over the opponent

Candidates demonstrate reaction to immediate threat with controlled application of takedowns or submissions.

Effectiveness

Candidate demonstrates an effective defensive technique followed by a strike or restraint that would incapacitate the aggressor with self-control to avoid injury.

KNIFE & BATON DEFENCE

Opponent can attack with knife:

- 2 times using straight thrust
- 2 times using side to side slash
- 1 time using downward strike

MINIMUM TESTING REQUIREMENT

DEFENCE AGAINST KNIFE ATTACK X 5 DEFENCE AGAINST BATON ATTACK X 5

Defending candidates should aim to demonstrate a range of defensive strategies that disarm the opponent each time and include wrist locks, knocking the knife / baton away and the restraining / pacification of the opponent on the ground

Candidates will be assessed against the following criteria:

Posture & Breathing

Controlled breathing, not held during defences, and not audible, Candidates must exhale when in action phase.

Threat awareness & thought

Candidate demonstrates immediate and responsive reactions to opponent.

Reaction speed

Candidate demonstrates correctly timed body and or blocking movement to stop the attack with minimal delay between the defence and counter attack.

Technique

Techniques should be practical and effective in providing a defence and attack with appropriate distance from the opponent.

Accuracy

Attacking candidates must control the attack with intent, putting defender under pressure. Defending candidates must safely block, parry, or evade the attack with an immediate and controlled counterattack. Blocks, strikes and kicks are clearly aimed towards intended target.

Fluency of movement

Candidates should demonstrate clear flow of movement between defence and attack without gap using techniques that easily flow from one to another.

Control over the opponent

Candidates demonstrate reaction to immediate threat with controlled application of takedowns or submissions.

SELF DEFENCE

Opponents can attack the seated opponent with punches, strikes or grabs from the front or side

MINIMUM TESTING REQUIREMENT

SEATED DEFENCE AGAINST ATTACKS x 5

Defending candidates should aim to demonstrate a range of defensive strategies featuring wrist locks, pressure points and the restraining / pacification of the opponent

Candidates will be assessed against the following criteria:

Posture & Breathing

Controlled breathing, not held during defences, and not audible, Candidates must exhale when in action phase.

Spatial awareness

Candidate demonstrates immediate and responsive reactions to opponent.

Reaction speed

Candidate demonstrates correctly timed body and or blocking movement to stop the attack with minimal delay between the defence and counter attack.

Technique

Techniques should be practical and effective in providing a defence and attack with appropriate distance from the opponent.

Accuracy

Attacking candidates must control the attack with intent, putting defender under pressure. Defending candidates must safely block, parry, or evade the attack with an immediate and controlled counterattack. Blocks, strikes and kicks are clearly aimed towards intended target.

Fluency of movement

Candidates should demonstrate clear flow of movement between defence and attack without gap using techniques that easily flow from one to another.

Control over the opponent

Candidates demonstrate reaction to immediate threat with controlled application of takedowns or submissions.

Effectiveness

Candidate demonstrates an effective defensive technique followed by a strike or restraint that would incapacitate the aggressor with self-control to avoid injury.

DESTRUCTION

MINIMUM TESTING REQUIREMENT

4 BOARD SPECIAL TECHNIQUE

Candidates will be asked to perform a 4 board technique of their own choice and will have up to 2 attempts

- If candidates choose to demonstrate a power break - 2 boards can be substituted for a single heavy duty plastic board a power break - 2 boards can be substituted for a single heavy duty plastic board

Candidates will be assessed against the following criteria:

Technique

Candidate demonstrates correct execution setup of the targets and use the correct striking body part in completion of the technique.

Fluency of movement

Candidates should demonstrate clear flow of movement between breaking techniques.

Accuracy

Candidate hits the centre of target.

Speed & Power

Candidate demonstrates sufficient and appropriate power and speed to complete the break.
